APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions:

This permit is issued subject to all prior rights on the source.
It is understood that a valve must be installed to facilitate the measurement
and control of water and that accurate measurements of the water placed to a
beneficial use must be included in the proof of such use when filed. This
source is located within an area that has been designated by the State Engineer
as coming within the meaning of the provisions of the 1939 Underground Water
Act (Chap 176 Statutes 1939); therefore the State Engineer reserves the right
to regulate the use of water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 0.025 of a
cubic foot per second.

Actual construction work shall begin on or before July 1, 1942

Proof of commencement of work shall be filed before August 1, 1942

Work must be prosecuted with reasonable diligence and be completed on or
before July 1, 1944

Proof of completion of work shall be filed before August 1, 1944

Application of water to beneficial use shall be made on or before

July 1, 1945. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 1, 1945
